Inspiring the next generation

We are thrilled that for our 2020 Christmas appeal, a generous donor has made a remarkable pledge to match anything you can give up to a total of £30,000! This is especially good news after such a challenging year. Please give what you can, knowing that your gift will be worth double!

Christmas Appeal 2020

After an incredibly challenging 30th year in the life of Adventure Plus, we are delighted that the yurts are now built - and we are more determined than ever to welcome children and young people here in 2021.

The challenges faced by today's children and young people are self-evident: mental and physical health issues are on the rise and sadly knife crime features more heavily in the news.

With the right support these young people can – and do – go on to make a positive impact on society. For many, the pandemic and restrictions we've experienced in 2020 will have exacerbated the problems and personal challenges.

Through our Christmas Appeal, you could help give more of these precious young people a life-changing opportunity to learn just how much they are valued.

A+ engages with nearly 10,000 children and young people each year, providing adventure and outdoor education to a wide variety of groups and extending the love of God to them in word and action. We want to double this number, by providing welcoming and high quality residential facilities here at A+ all year round.

We were grateful for such a generous response to our appeal last Christmas. The inevitable delays we've experienced have resulted in increased costs so we have another opportunity to give towards this essential element of the Adventure Base.

We still need to kit out the yurts and lodges with beds, pillows and mattresses - all those

finishing touches that will **help the young people feel at home whilst they are with us.**

And it's not just about welcoming larger numbers of young people to A+. Staying on site adds a whole new dimension to their experience, providing opportunities to deepen friendships, develop team work and social skills and open up conversations which may not otherwise have happened.

It can turn an adventure activity session into a pivotal moment in a young person's life.

Each of the 6 yurts will accommodate 8 people, with space for 10 in each of the 4 timber lodges. That means we need a total of 88 beds, mattresses, pillows, and storage benches.

We plan to build durable wooden bunks that will withstand even the most exuberant of children and young people! The yurts and lodges will also need hard-wearing flooring, tables, boot storage and lighting.

We'd be so grateful if you would help us make this dream a reality! A gift of £25 would provide two pillows for one young person. £100 would pay for a mattress and with £250 we could build a set of durable wooden bunks. A gift of £750 would pay for all the mattresses and pillows for one yurt - and this year your gift will be doubled to make even more of an impact!

We know that the pandemic has taken its toll on the mental health of children and young people across the nation. We believe that our combination of refreshing, stimulating outdoor activities, team building, mentoring and encouragement can be part of the antidote. Please help us be ready. **Thank you.**

Team A+ are so excited that Planning Consent has been granted and the vision for the amazing new Adventure Base is now taking shape. We look forward to welcoming many more children and young people on site and seeing them grow in confidence and self-esteem, as they learn about a God who loves and treasures them. Would you join with us in the adventure?
